# **SPAX Progressive Suspension Bump Stops**

The SPAX Suspension Bump Stop is a vital accessory for all lowered vehicles. These polyurethane bumpstops are firmer than original equipment bumpstops but will compress progressively, improving the vehicles roll and ride characteristics. They are also recommended by leading Audio Centres to prevent CD track jumping.

### **SPAX Progressive Bump Stops**

- Direct replacements of original parts.
- Universal fitment means "one size fits all".
- Progressive rate gives performance without compromising comfort.
