PRESS RELEASE

SPAX Adjustable Lever Arm Conversion. Front and Rear Kit for MGB

If you're proud of your classic MGB but yearn for more modern handling, leading suspension specialists Spax Performance Ltd have just the thing for you. A front and rear Spax adjustable lever arm conversion kit. The kit converts the original lever arm suspension to telescopic Krypton gas dampers and will transform the handling and road holding of the car, both on the road and on the track. It also significantly improves the quality of Low speed ride.

The MGB CKX kit contains solidly built conversion brackets and mounts to install the new SPAX dampers. The kit even includes longer stainless steel brake hoses to suit the new configuration along with all the required bolts and fixings. The conversion not only provides adjustable damping rates but allows the rate to be adjusted on the car **with no dismantling**.

The recommended retail price for the SPAX Front and Rear Lever Arm Conversion kit is £399.99 inc VAT each.
