SPAX 'Radical Drop' Suspension Spring Kit for BMW E36

If you are looking for a really dramatic look for your E36 leading suspension specialists, **SPAX Performance Ltd** have just introduced a 70mm front/20mm rear 'radical drop' lowered and uprated suspension spring kit. The kit will give the car a lower centre of gravity making it safer and more fun to drive, both on the road or on trackdays and gives it great looks in the process.

£114.99
including VAT

Just because SPAX springs are sensibly priced they shouldn't be confused with other springs you may have seen. These springs are cold wound, silicon springs and will make your Beemer feel truly at home on any Autobahn, the notorious Nurburgring - or a winding English 'B' road for that matter.

The kit will fit a E36 models including the M3.

At just £114.99 including VAT, a set of SPAX SSX uprated and lowered performance springs must be one of the best value and worthwhile improvements any E36 owner could make. SPAX SSX kits are available from all good SPAX retailers, details on the SPAX website... www.spaxperformance.com.

For further details contact your local SPAX dealer or visit our website: www.spaxperformance.com.
